NERS Ballot 2

Who can input new requests and vote?

Answer: IGeLU and ELUNA (financial) members

Dates for this Cycle:

- Input new requests to NERS: Feb 8 – 19 (23:59 Hawaii time)
- First voting period: April 4 – 22 (23:59 Hawaii time)
- Second voting period: June 13 – July 1 (23:59 Hawaii time)

Creating a vote winning NERS item

- Remember you want other voters to really understand your NERS item and vote for it
- Put on your cataloguers hat and search existing requests left over from the last ballot and early bird requests from this cycle to ensure your wonderful idea does not already exist
- Think about what you want to say and 'craft it' so Joe citizen in the street could understand what you are saying
- Mark the request as status NEW
- Email address: put in your personal institution email address. This way the NERS committee when reviewing the requests can contact you directly perhaps to clarify your request content

Hopefully this ballot will result in many of the smaller complexity but ultra annoying Alma issues being sent to the Alma developers.
