Logic>Labels

46	c.uresolver.GeneralElectronicServices	Additional services
47	c.uresolver.ServicesForRelatedTitles	View related titles
48	c.uresolver.availableOnline	Available Online Resource

Activated in Alma via: ALMA>Fulfilment
Configuration> Discovery Interface Display
Logic>Related Records

Related Record Services Configuration

Enable related record services	<input checked="" type="radio"/> Yes <input type="radio"/> No
Display related services if full text is available	<input checked="" type="checkbox"/>
Display related services for serials	<input checked="" type="checkbox"/>
Display related services for monographs	<input checked="" type="checkbox"/>
de-duplicate electronic collection services	<input type="checkbox"/>
Enable direct link for related services	<input type="checkbox"/>
Display closely related records services	<input type="radio"/> as part of the original services <input checked="" type="radio"/> Separately from original record services

If we don't have previous or related titles then it won't show.
We use a combination of access and holdings through the Community Zone and local.

Some fields

The fields themselves are

700 fields are the link fields in MARC

772 Supplement

776 links physical to electronic

780 precedes

785 succeeds

To hide or display fields we use the First Indicator.

0 = Display

1 = Hide

Example: We hide the 776 so every record that we get from OCLC we make the 776 a 1 on the first indicator.
