

Ustat & Alma Analytics

Resources, adding new platforms,
adding new formats including
documentation

James Ward

Acting Coordinator, Collection
Development

Curtin University

Adding to USTAT

- Started process of finding SUSHI credentials in 2014, systematically going through resources and recording SUSHI & COUNTER compliance
- Found credentials from Vendors Amin sites and by contacting them directly

Adding to USTAT

- 46 Vendors active with 57 platforms

Home > Administration > SUSHI Accounts

Adding to USTAT

- Manually added usage statistics for a number of COUNTER compliant vendors
- Worth adding as many vendors usage statistics as possible so ensure USTAT populated and a central repository for recording resources usage

Alma Analytics & USTAT

- Weekly harvesting of usage statistics by Alma works effectively

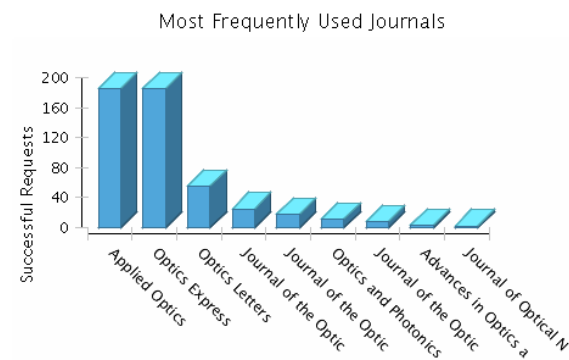

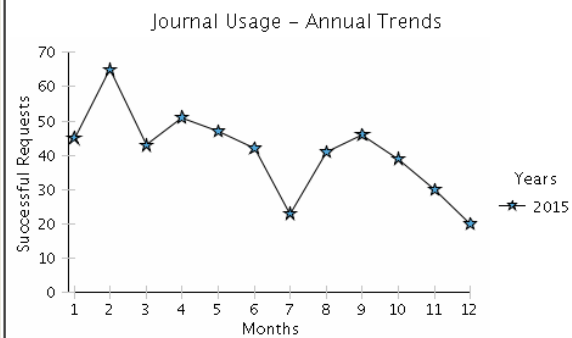

Reports & Workflow

- USTAT good for quickly providing basic usage data
- USTAT useful as it provides usage for one resource across various platforms
- Useful to find usage statistics for annual subscription renewals evaluation

Reports & Workflow

Journal Usage Statistics for Platform: OSA Publishing

Platform Measures

Measure Type	Total	2015	2016
Journal Successful Requests		492	492

Reports & Workflow

- Alma Analytics Usage Data reports are more flexibility if amore detailed report is required
- Takes time to set up reports in Alma analytics but templates can be created e.g. annual usage reports by publisher & platform

[Add to Briefing Book](#)

Issues and troubleshooting

- Still some non SUSHI compliant vendors meaning reports need to be manually uploaded to USTAT
- COUNTER reports not loading in USTAT
- Missing Data screen in USTAT checked monthly to ensure usage data available

Issues and troubleshooting

- Cost Usage reports- Data not always available and hard to determine where information drawn from in Alma
- Limitation of criteria makes cost usage reports less useful e.g. can't filter by platform for meaningful cost usage figures

Thankyou

Curtin University
