

GENERAL > Network Groups

1/ Fulfillment Member – lists the other institutions in the network, e.g. at Flinders

Enabled	Customer Code	URL	Display Name	Updated By	Last Updated
<input checked="" type="checkbox"/>	61ADELAIDE_INST	https://ap01.alma.exlibrisgroup.com/	Uni of Adelaide	ex_limpl	02/02/2014
<input checked="" type="checkbox"/>	61USOUTH AUS_INST	https://ap01.alma.exlibrisgroup.com/	UniSA	ex_limpl	02/02/2014

2/ Institutions Relations – empty table (for pickup anywhere/return anywhere)

FULFILLMENT > General > Other Settings

Some general settings – we don't share Primo

- Same at all

ful_network_default_pickup_inst	fulfillment	local
fulfillment_network_shared_primo	fulfillment	false
fulfillment_network_unique_barcode	fulfillment	NONE

USER MANAGEMENT > Collaborative Networks

1/ Linked Account Rules – enables you to configure a group to which walk-in patrons are assigned. Can configure expiration date and purge dates – absolute, relative to source institution, or update from source each time data is refreshed

- All using Default but some information is different

UniSA

Output Parameters	
User Group *	Reciprocal
Expiry Date	
Expiry From Source	Same as in source
Refresh Expiry Date	<input checked="" type="radio"/> Yes <input type="radio"/> No
Purge Date	
Purge After Expired	One week after expiration
Refresh Purge Date	<input type="radio"/> Yes <input checked="" type="radio"/> No
Resource sharing library	
Copy Network Blocks	<input type="radio"/> Yes <input checked="" type="radio"/> No

Flinders

Output Parameters	
User Group	Reciprocal Patron
Expiry Date	-
Expiry From Source	One week before source
Refresh Expiry Date	No
Purge Date	-
Purge After Expired	One week after expiration
Refresh Purge Date	No
Resource sharing library	
Copy Network Blocks	No

University of Adelaide

User Group *	<input type="text" value="Please select a value"/>
Expiry Date	<input type="text"/>
Expiry From Source	<input type="text" value="Same as in source"/>
Refresh Expiry Date	<input checked="" type="radio"/> Yes <input type="radio"/> No
Purge Date	<input type="text"/>
Purge After Expired	<input type="text" value="One month after expiration"/>
Refresh Purge Date	<input checked="" type="radio"/> Yes <input type="radio"/> No
Resource sharing library	<input type="text"/>
Copy Network Blocks	<input type="radio"/> Yes <input checked="" type="radio"/> No

2/ Restricted Users (unexposed to FF network) – these can be different depending on whether you want some user groups unexposed to FF network

- Flinders has this table empty, while University of Adelaide & UniSA have included any user groups they don't want to include for reciprocal borrowing. E.g. University of Adelaide has -

Enabled	Move Up	Move Down	Code
<input checked="" type="checkbox"/>		<input type="button" value="v"/>	Alumni Borrowing
<input checked="" type="checkbox"/>	<input type="button" value="▲"/>	<input type="button" value="v"/>	Senior College
<input checked="" type="checkbox"/>	<input type="button" value="▲"/>	<input type="button" value="v"/>	Year 12 Student
<input checked="" type="checkbox"/>	<input type="button" value="▲"/>	<input type="button" value="v"/>	Community Borrowing
<input checked="" type="checkbox"/>	<input type="button" value="▲"/>		Institutional

3/ Searchable Identifiers – can limit FF network services to patrons that have been issued a specific ID type.

- Table is empty at all

4/ Linked Account Shared Fields – when a new linked user is created, the originating institution defines which user attributes may be shared (copied to new linked user) with the target institution.

- Same at all

Field Name	Shared
First Name	True
Middle Name	True
Last Name	True
Pin Number	True
Job Title	True
Job Description	True
Gender	True
Preferred Language	True
Birth Date	True
Expiry Date	True
Purge Date	True
Email List	True
Address List	True
Phone List	True

USER MANAGEMENT > General > Other Settings

Allows other members of the FF network to search for your patrons by name – where they don't have an ID available

- True at Flinders and Adelaide, but false at UniSA

3	fulfillment_network_search_by_all	user_management	true
---	-----------------------------------	-----------------	------

USER MANAGEMENT > Roles and Registration > User Registration Rules

All using Default Terms of Use BUT some values are different

- When does the patron role renew?
- When does the user renew?

e.g. University of Adelaide

	Policy Type	Policy Name	Policy Description
1	User Registration Fee	No User Registration Fee	Default - No User Registration Fee
2	Card Renewal Fee	No Card Renew Fee	-
3	Patron Registration Fee	No Registration Fee	Default No Registration Fee
4	Expiration Alert Period	One Day Expiry Alert	One day expiry default
5	Patron Role Renewal Period	5 Year Patron Renewal	Default 5 year patron renewal
6	Renew Scope	Renew Anywhere	Default Renew anywhere
7	User Renewal Period	6 months User Renewal	Default - 6 months User Renewal Period

UniSA
